Comments of the supervisor on the student and the thesis:

I was very happy with Dariya's work. In the lab, she was very skillful and independent student. Very soon she learnt all the methods she used during the bachelor work and she was able to plan her work by herself. I was also very pleased to see how independently Dariya summarized her results and wrote her thesis, which I did not have to edit almost at all. Her English writing is on very high level and her thesis will be a very good background for the publication that will arise from her thesis.

Conclusion:

In conclusion, I ~~recommend / do not recommend~~ the thesis for the defense
