## Thesis evaluation

1. Importance and difficulty of the topic 1.5

**Note:** Presented topic of work is a very actual and it is not discussed in literature so often.

2. Logical structure of the thesis 1.0

**Note:** The whole work is logically structured, explaining the theory of main topics and following by perfect description of methods that were used.

3. Fulfillment of objectives 1.0

**Note:** The main aim - regional identity and its perceiving by immigrants on a special case of Ukrainian students and South Bohemian region were well formulated and fulfilled.

4. Methodological approach 1.0

**Note:** Qualitative methods of semi structural research were used in a good quality. This type of interview is frequently used in social sciences for qualitative researches.

5. Assessment of theoretical and/or practical contribution of the thesis 2.0

**Note:** Thesis could serve as an example of a good application of qualitative methods of interviews. The specific case of Ukrainian students in South Bohemia was not researched yet.

6. Handling of literature 1.0

**Note:** Quoted literature is sufficient as regards amount and its quality.

7. Formal aspects 1.0

**Note:** The whole work is written in a very readable form with all aspects that are required from this type of work.

## Conclusion

Thesis evaluation (note): **excellent**

I recommend the thesis for defence: **YES**

## Questions and comments

### Critical comments and overall contributions, total value of the thesis

Presented thesis are well done as regards selected topic, used method and fulfilment of aim. I especially appreciate very careful overwriting of recorded interviews. interesting results seems to be that in spite of positive valuation of South bohemian stay most of interviewed students like to resettle to Prague.

## **Questions and topics for discussion before the commission**

Questions:

- 1) I suppose that feeling of students could differ significantly from other Ukraine migrants in Czech. What do you think about the situation of other social groups?
- 2) It will be interesting to know what is the relationship among the two main migrant groups in Czech Ukrainian and Vietnamese?
