

Assessment proposed by the supervisor of Bachelor's thesis:

Recommended

Assessment proposed by the reviewer of Bachelor's thesis:

Recommended, excellent

Course of the defence:

Prof. Grubhoffer welcomed the student, the commission, and a broad audience. All members of the commission were present. Mr. Ninou-Codina introduced the structures of chlorosomes and chlorophylls (bacteriochlorophyll) and the self-assembly of these molecules. Next, the aims and the results were presented and discussed.

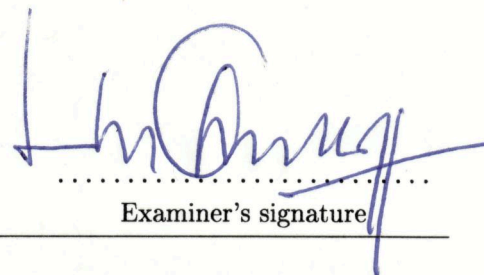

The supervisor and opponent presented their reviews and Mr. Ninou-Codina answered the questions. Commission discussed with the student the structure of chlorophylls and tetramer structures.

Assessment:

.....
excellent
