

Assessment proposed by the supervisor of Bachelor's thesis:

*Recommended*

Assessment proposed by the reviewer of Bachelor's thesis:

*Recommended, excellent*

**Course of the defence:**

Prof. Grubhofer welcomed the student, commission members, and the audience. Prof. Zekovska was not present due to other duties.

Ms. Ramzy introduced the Lyme disease spirochetes, possibilities of antibiotic treatment, and the persistent forms of LD borrelia. Then, the findings were presented, together with the used methods and the results, which were thoroughly discussed.

The supervisor presented her review and the opponent's review was read. Ms. Ramzy answered the questions; Prof. Zekovska got the answers in advance and she confirmed her satisfaction.

Assessment:

*excellent*
