

Assessment proposed by the supervisor of Bachelor 's thesis: **DOES NOT recommend**

Assessment proposed by the reviewer of Bachelor 's thesis: **DOES NOT Recommend**

Course of the defence:

Prof. Grubishev welcome the student, members of the commission, and the audience. All the members of the commission were present.

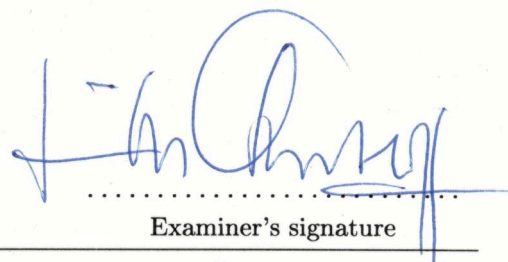

Mrs. Kazemi introduced photonic systems, bacteriochlorophylls, followed by aims, results and their discussion. The discussion with the commission and the audience followed with the students trying to answer the questions.

Assessment:

good
