

REVIEW OF THESIS REVIEWER'S THESIS REPORT

Study programme: N4101 / Zemědělské inženýrství

Field of study: 4101T034 / Multifunctional agriculture

Academic year: 2020 / 2021

Thesis name: Influence of wheat varietal mixtures on yield stability, grain quality and flour rheological properties

Student's name: Mousa Zoghali

Department: Department of Agroecosystems

Supervisor: doc. Ing. Petr Konvalina, Ph.D.

Reviewer: Ing. Marek Kopecký, Ph.D.

Reviewer's workplace: Department of Agroecosystems, Faculty of Agriculture, University of South Bohemia in České Budějovice

Criteria	Evaluation						Evaluation not possible
	A	B	C	D	E	F	
1 Meeting the requirements of the assignment	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2 Work with information sources and scientific literature	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3 Suitability of solution methodology	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4 Use of results processing methods	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5 Interpretation of results and discussion	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6 Aim formulation of the qualification thesis	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7 Language processing and work with professional text	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8 Professional level of work	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9 Formal arrangement	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10 Evaluation of the possibility of practical use of the thesis results	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Mark the rating by X (serves to determine the final classification; A = 1, B = 1-, C = 2, D = 2-, E = 3, F = 4)

Specific comments and questions to the thesis defence:

This diploma thesis summarizes the issue of using wheat from organic farming and its baking quality. The Conclusion chapter clearly summarizes the main findings of the research. I have only minor comments on the work.

p. 9: The description of the objectives of the work is misleading.

p. 18: All Table 3 is strange. It seems that the table is a mistake (missing date of the second sampling).

p. 23: I don't understand the data in Table 6. Data labels may be missing.

Question:

The yield of wheat (Table 7) seems very high. How is it possible? What is the typical yield of wheat in organic agriculture?

I recommend the qualification work to the thesis defence (YES/NO):

YES

Proposed final classification:

excellent

(excellent, very good, good, did not comply)
