

Průběh obhajoby diplomové práce:

There was a broad discussion about the origin of the interviewed persons regarding their persisting knowledge of the specific dialect and the extent of that knowledge.

Another discussion concerned methodology of the thesis and specifically the qualitative research.

The commission had some criticism of the answers to the evaluators' questions.

Body:

Klasifikace: very goodDatum obhajoby: 26. 9. 2022
