Review of USB RIFCH PhD Thesis

Surname of the PhD student: Sayyed Mohammad Hadi Alavi	Name of supervisor: prof. Ing. Otomar Linhart, DrSc.
Title of PhD thesis: Sperm Motility and Behavior in Model of Teleostean and Chondrosteian Fish	
REVIEWER:	
Surname: Cosson	
Name: Jacky	Institution: CNRS France and University of French Polynesia
Titles: professor and PhD	
E-mail: cosson@obs-vlfr.fr	
Please describe your field of expertise: structure and movements of spermatozoa ☐ ☐ ☐ ☐	

QUESTIONNAIRE

Originality, scientific importance, prospects of the PhD thesis and benefits for basic or applied research

Evaluate its competitiveness in the international context and compare its level with the current state of the art in the field:

SM Halavi is a very active researcher, excellent group organizer and possess good experimental ability, he rapidly became leader of numerous scientific manuscripts (including a book) of international importance which are often quoted in literature, he is also an active participant in many international meetings, with good ability for oral presentations in english language.

Preparation of the PhD thesis, targets of the work and deliverables

Evaluate the overall level of preparation of the PhD thesis and the originality of the selected approaches; evaluate publications and whether the targets set in the PhD thesis correspond with the declared purpose of the thesis:

The PhD thesis presented by S M Halavi represents both a collective work and a huge personal effort. After a period necessary to him for the acquisition of many techniques, his contribution at the bench has been unlimited and the huge amount of experimental results he has accumulated have been shared in real time with his collaborators, with his supervisors as well and with the scientific community through his publications

OVERALL COMMENTARY ON THE PhD THESIS

Please write comments:

excellent student always ready to embark on new scientific ventures

FINAL RECOMMENDATION

can be recommended for defence of PhD Thesis

In Nice, France on June 9th of 2009
