SUPERVISOR'S STATEMENT ON BACHELOR/DIPLOMA* THESIS

Name of the student: Eliška Daňková

Study program:

Department/Institute:

Thesis title: Using molecular and culturing methods to study nitrifying microorganisms in peat

Supervisor: Anne Daebeler

Supervisor's affiliation: Department of Soil Biology and Biogeochemistry, Biology Centre CAS

	Point scale ¹	Points
(1) FORMAL REQUIREMENTS		
Formal and graphical quality of the thesis	0-3	3
Ability to work with literature	0-3	3
Language and stylistics	0-3	3
Formal requirements – points in total		9
(2) PRACTICAL REQUIREMENTS		
Fulfillment of the aims	0-3	3
Ability to understand the results, their interpretation, and clarity of the results, discussion, and conclusions	0-3	2
Discussion quality – interpretation of results and their discussion with the literature	0-3	2
Experimental difficulty of the thesis, independence in experimental work	0-3	2
Contribution of the thesis to the knowledge in the field and the possibility to publish the results (after eventual supplementary experiments)	0-3	2
Practical requirements – points in total		11
POINTS IN TOTAL (MAX/AWARDED)		
	24	20

* Choose one

¹ Mark as: 0-unsatisfactory, 1-satisfactory, 2-average, 3-excellent.

Comments of the supervisor on the student and the thesis:

Ms Daňková worked on her thesis topic in a very motivated and precise way. She was always on time with given tasks and sought feedback before continuing with the next steps. Her communication with me and her co-supervisors was clear and she wrote the thesis in an independent manner.

The thesis itself has a logic structure, is written in a good level of English and shows that Ms Daňková has been able to fully comprehend the topic. A minor criticism to raise is the lack of depth in the discussion section with regards to the comparison with existing knowledge in the field.

Conclusion:

In conclusion, I

r e c o m m e n d

the thesis for the defense.
