

Průběh obhajoby diplomové práce:

Influence of wheat/legumes mixtures on production parameters and grain quality

Presentation

Student mostly reads the text from the prepared Power Point file, he explains only a little by his own words.

The questions of the supervisor, and the reviewer, and the answers to them are enclosed as an attachment of this diploma thesis defense recording.

Discussion between the student and the members of committee:

doc. Konvalina

Protein problematics in the organic and conventional agriculture.

doc. Perná

Usage legume as a precrop or intercrop plant

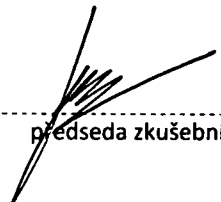

doc. Moudrý

Legumes in grassland

Body:

Klasifikace: Dobře

Datum obhajoby: 6. 6. 2023
