Comments of the supervisor on the student and the thesis:

Ms Zuser worked on her thesis topic in a motivated way. She fulfilled all assignments in a timely manner and communicated well with me and her co-supervisor. During the writing process Ms Zuser familiarized herself with a large body of literature and she wrote the thesis independently.

The thesis itself has a logic structure, is written in a good level of English and shows that Ms Zuser comprehended the questions, goals and methodology of the topic given to her. Her results are valuable to our research and will be incorporated in upcoming publications.

Conclusion:

In conclusion, I

r e c o m m e n d
